

Homeobotanical Institute Inc.

www.hbinstitute.org.nz

9th & 10th May 2020 HOMEOBOTANICAL Proposed conference

FOCUS ON UTILISING SKILLS, EXPERIENCE & NEW LEARNING TOOLS FROM WITHIN OUR POOL OF HOMEOBOTANICAL THERAPISTS

SPEAKERS

Maryanne Fraser-Jones & Lynette Stafford (theory & hands-on)

Subject:

The history behind the use of Kawakawa eye poultice in practice modalities, including the whakapapa, kawa and maatauranga of Kawakawa as understood by Maryanne & Lynette

Both therapists have used it in a variety of ways and will provide practical step by step demonstration

John Bray

Subject:

John's demonstrate at the last conference was well received with many members asking for more information and demonstration on the many techniques and practical exercises he has in his toolbox

VIDEO

John has provided a DVD by Dr Murray that is very precious and will be played at the conference with discussion following

SIGNIFICANT CASE REPORTS

5-10 minutes client report presentations from any member wishing to share their results. Members will be asked to let Secretary know if they are interested in speaking at during this allotted space, so all speakers get a chance to share their knowledge

MIASM & hands on group work

Angela Chadwick will refresh our memory (or introduce the idea to those unfamiliar with this concept) of Miasm - the impact on health, how the knowledge can be used to help determine remedies, preventative care and determining our own miasm/s, then to make up remedies accordingly

ANATOMY & PHYSIOLOGY

Brush up on knowledge & learn new things about how our body functions

OPEN FORUM (possibility)

Medicinal use of Cannibas
